ENVIRONMENTAL CONTROL***

REQUEST FOR A COASTAL ZONE STATUS DECISION

DEPARTMENT OF NATURAL RESOURCES & ENVIRONMENTAL CONTROL

REQUEST FOR A COASTAL ZONE STATUS DECISION

Date Received
(for Secretary's use)

Project Number
(for Secretary's use)

IDENTIFICATION OF THE APPLICANT

Name: _____

Address: _____

Telephone No.: _____ Fax No.: _____

Site of Proposed Project (if different than above):

If applicant is not the project owner, but is authorized to act for the owner, state that below and give the owner's name and address. Provide written authorization from client for being the authorized agent for this application.

1. Is the applicant claiming confidentiality in any section of their application? Yes/No_____
- If yes, applicant must do so in accordance with 7 Del. Code Chapter 79. The Secretary will not automatically honor such requests not in accordance with Chapter 79. Applicant should provide appropriate documentation with this application to assure confidentiality.

PROJECT IDENTIFICATION AND DESCRIPTION

		<u>YES</u>	<u>NO</u>
1.a.	Is the proposed project entirely or partly a new or improved or extended pier or other ship docking facility?	_____	_____
1.b.	If yes, will it be used at least in part for bulk cargo transfers by the applicant? If no, please explain what it will handle.	_____	_____
2.a.	Is this project entirely for pollution control purposes?	_____	_____
2.b.	Is this project a new research and development facility?	_____	_____
2.c.	Is this project a new or expanding (flow rate) public sewage/ water plant?	_____	_____
3.a.	Will the proposed project meet the following definition of "Manufacturing" as found in the Coastal Zone Act: "Manufacturing means the mechanical or chemical transformation of organic or inorganic substances into new products, characteristically using power driven machines and materials handling equipment, and including establishments engaged in assembling component parts of manufactured products, provided the new product is not a structure or other fixed improvement."	_____	_____
3.b.	If no to questions 3.a., explain what kind of activity will be carried out at this project site.	_____	_____
4.	Will the project have the following equipment or facilities?		
	Smoke stacks	_____	_____
	Tanks	_____	_____
	Distillation or reaction columns	_____	_____
	Chemical processing equipment	_____	_____
	Scrubbing towers	_____	_____
	Pickling equipment	_____	_____
	Waste treatment lagoons	_____	_____
	Smelters	_____	_____
	Incinerators	_____	_____
5.	Will the project use 20 acres or more? If not, how many acres will it use? _____	_____	_____
6.a.	Does this facility appear in Appendix B of the Coastal Zone Act Regulations (the list of the nonconforming uses)? If not, proceed to question 7a.	_____	_____

- 6.b. If so, will the proposed activity described in this application occur entirely within the lines delineating the area of nonconformity for this site as seen in the Appendices of the Regulations? _____
- 6.c. If the proposed activity, or use, will straddle this line, describe what equipment, facilities, or machinery will be within the delineated area of nonconformity AND what will be out of this area of nonconformity. _____
- 7.a. Is the proposed use part of a manufacturing use that was in operation prior to and on June 28, 1971? _____
- 7.b. Has this facility ever been granted a Coastal Zone Act Permit? If so, when? _____
- 7.c. Name of prior applicant/permittee if different from present applicant/permittee: _____
8. Does the new or expanded use involve any change in existing:
processes? _____
facilities? _____
buildings? _____
emissions discharge _____
If yes, please explain on a separate page.
- 9.a. Will this project directly or indirectly increase plant production over present capacity? _____
- 9.b. If yes, explain in what way and by how much. _____
- 9.c. Will this project directly or indirectly produce any new products at this facility over the current product line? _____
If so, list them here or on an attachment.
10. List materials and/or ingredients to be utilized by this proposed project and how they will get to the site.
11. Attach a concise but complete description of the proposed project, or use and how it relates to any existing manufacturing operations and facilities (if this is not for an entirely new manufacturing plant). Explain what effects there will be on land use acreage, manufacturing production capacity, modification of current product line(s), and any safety risks to the public and company employees.

12. Is this project, or use, a complete, single project, or is it part of a long-term, large-scale project that has other components to it that may need approval under the Coastal Zone Act at a later date? If it is part of a larger project, describe the entire project on a separate attachment and mention ALL major machinery, facilities, land, products, and processes involved.
13. Provide a detailed and accurate summary of the proposed project's effects on local surface and ground water quality, surface and groundwater withdrawals, air quality, habitat loss, solid and hazardous waste, noise, odors, and any other pertinent information about the proposed project's effects on the local environment. Provide a statement on how this proposed project will affect the local aesthetic quality.
14. Provide a detailed statement describing the proposed project's potential to pollute should equipment malfunction or human error occur, including a description of backup controls and safety provisions.
15. Provide a map of appropriate scale to clearly show important natural features and project buildings and processing equipment of the proposed project such as roads, wetlands, railway sidings, drainage ways, tanks, sewer systems, water mains, wells, etc.
16. What is the current SIC code for the proposed use? _____
17. What is the current zoning and planned land use of the proposed project site? _____
- 18.a. Will the proposed project require a zoning change? (YES/NO) ____
- 18.b. If so, to what classification and what zoning authority is responsible for reviewing and approving any change? _____
_____.
19. Will this project require new supporting facilities and what impacts will they have on the environment, economics of the area, aesthetic quality, zoning, and neighboring land uses? _____

_____.
20. Have you enclosed your application fee check of \$3,000 made out to the State of Delaware?
21. If applicable, have you complied with 7 Del. Code, Chapter 79? The Secretary will not make a decision on this application until the applicant has submitted all necessary information to comply with Chapter 79.

22. Should this project proceed, what, if any, negative impact will be expected. Provide a detailed paragraph on each of the following:
- a. the environment.
 - b. the economy (corporate, state, county).
 - c. aesthetic effects.
 - d. number and type of supporting facilities required and the impacts, if any, on these six factors.
 - e. county and municipal comprehensive plans.

Under the penalty of perjury pursuant to 11 Del. C. S1221-1235, I hereby certify that the information contained herein is true and complete to the best of my knowledge.

I also hereby acknowledge that all the information in this application will be public information subject to the Delaware Freedom of Information Act, except for clearly identified proprietary information agreed to by the Secretary of the Department of Natural Resources & Environmental Control.
